

MATTER CENTER 365

Practice Management for the Legal Industry

Spend more time on your legal argument and less on document management.

Secure collaboration and easy document management with your internal and external colleagues are here!

The intuitive Matter Center 365 uses the tools you already know: Outlook, Word, Excel, and OneDrive for business. So the learning curve is easy — nothing new to learn.

Matter Center 365

- Designed with legal professionals in mind
- Lets you enjoy all the same enterprise-grade security, management, and administrative controls as Office 365
- Requires Office 365

ACCESS ANYTIME, ANYWHERE

- Access emails, matters, and documents centrally, from a single interface
- Use any Windows, Apple, or Android device
- Free yourself from geographical and time-zone constraints with access to over 25 terabytes of Cloud storage

ENHANCE PRODUCTIVITY

- Manage emails, matters, and documents automatically
- Search, locate, and secure data from multiple sources
- Enjoy real-time collaboration that allows for simultaneous editing with automatic version control

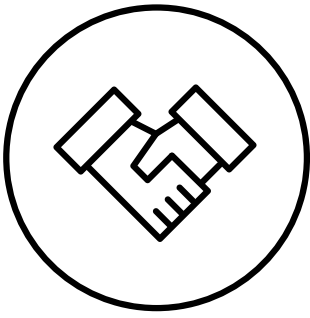

MANAGE DOCUMENTS, MATTERS WITH EASE

- Enjoy compliance with multiple industry standards (e.g. ISO 27001, EU Model clauses, HIPAA BAA, and FISMA)
- Have confidence in sensitive information. You control who can access, review or edit a document
- Sync from anywhere while maintaining security and compliance standards

BE IN COMPLIANCE WITH SECURITY STANDARDS

- Boost productivity with case management and collaboration tools
- Pin and tag documents to make it simple to find frequently used matters and documents
- Benefit from built-in file level disaster recovery and back-up.

Matter Center 365: Available Only Through An Exclusive Partner Network

Matter Center 365 is co-designed by Microsoft and CloudTitan so it is only available through CloudTitan and its exclusive partner network.

THE TECH KINGDOM AND CLOUDTITAN TEAM MAKE IT EASY TO GET MATTER CENTER 365

CloudTitan worked extensively with Microsoft to further build out Matter Center 365. And the result of that work is phenomenal!

CloudTitan developed Matter Center 365 as the first truly turnkey, productivity-enhancing software-as-a-service for legal firms of any size.

CloudTitan pursues a specific focus on enhancing productivity with compliance.

CloudTitan is also a Microsoft independent software vendor, hosting and CSP Tier 1 partner.

3 REASONS TO PARTNER WITH TECH KINGDOM

Put yourself in our hands and spend more of your time preparing your arguments instead of managing thousands of documents.

Why Tech Kingdom?

1. Tech Kingdom helps businesses utilize technology to meet their business requirements and needs, optimizing and improving efficiencies as much as possible.
2. Tech Kingdom treats customers as business partners, we are always looking for new ways to improve their technology and systems to help improve operations.
3. Tech Kingdom knows that every customer's environment is a different Kingdom that requires different technology that caters to these needs; Tech Kingdom aims to protect, improve, and maintain all Kingdoms we call our customers in every technical way possible.
